

# EXCHANGE WEEK PADOVA

## → OSTERBURKEN

Erasmus+

# SUNDAY

After the 12 hour train ride of the italians, they finally arrived in Osterburken where we all would stay for the coming week.

# DAY 1: MONDAY

On Monday the Italian exchange students arrived in our new school building for the first time. Our new living space, how we also call it, immediately left a good impression.

In the morning we worked on some team building activities under the direction of Achim Brümmer, starting with games where we have to trust each other.

After the lunch break we went to the sports hall where we did fun fitness excercises with Magdalena Wasner and got to know each other better.

Erasmus+

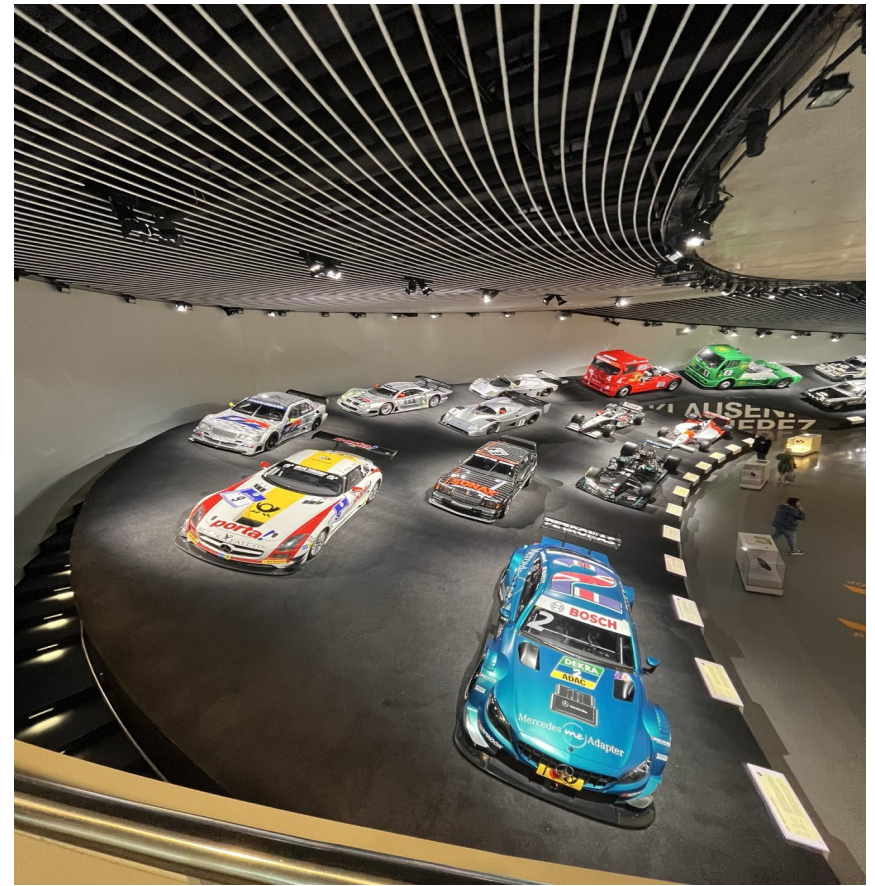

For the rest of the day we had free time. Among other things we explored the supermarkets and tried typical german specialities.

# **OUR TRIP TO STUTTGART**

- **Mercedes-Benz Museum**
- **Königsstraße**

The Mercedes museum looked really modern from the outside it was very impressive to see when we arrived there. It was especially great to see after the long train ride to Stuttgart.

In this picture we looked at the evolution of Mercedes race cars, which all looked really impressive. Nearby there were also some activities to simulate what its like to work at a race.

# OUR TRIP TO WÜRZBURG

- Dom
- Residence
- Free time

Here we are inside the Cathedral in Würzburg. We went there because we had to search for cover from the rain. Our Teacher explained to us that the Cathedral is a tomb of a famous bishop. The Cathedral was really enormous and beautiful and was also a good place to rest in.

Our next stop was the residence of the prince bishop. The residence was built in a style that was typical for the Baroque. The prince bishop had his own private church, which you can see in the picture. Our teacher tried to explain the details to us but the people who are in charge of the residence said that he is not allowed to do that.

This is a picture of the prince bishops old castle.

This is a picture of the residence from the outside.

This is a picture of the great painting inside the residence at the staircase.

# SPORTS DAY

## DAY 4: THURSDAY

The day started with a full morning of sports activities. All students met at school and took part in various team games organized by the host school.

- 2nd lesson: Volleyball
- 3rd lesson: Badminton
- 4th lesson: Soccer
- 5th lesson: Basketball
- 6th lesson: Gym session

It was a great way to stay active, work as a team, and bond with international classmates.

The sports morning was a dynamic and engaging experience that encouraged teamwork and friendly competition.

It allowed us students from Germany and Italy to connect through physical activity and to overcome language barriers, and develop a strong sense of group spirit in an enjoyable and fun way.

# SHARED LUNCH BREAK

After the sports sessions, everyone enjoyed lunch together in the school cafeteria.

This informal time allowed us to relax, exchange experiences, and strengthen friendships in a friendly and multicultural environment.

# CLASS VISITS

In the afternoon, we continued with regular classes:

7th lesson: Music with Mrs. Oehrl

8th lesson: English with Ms. Sehic

9th lesson: Physics with Mr. Haffner

The day was a perfect mix of physical activity, social interaction, and academic learning a true Erasmus experience!

# **THANK YOU FOR YOUR ATTENTION**

**It was an amazing and fun week for us  
Germans and Italians !!!**
